

Harmonisation of Access Bank Zambia SWIFT BIC

As part of continued harmonisation activities following the integration of our systems on 18th November 2024, we wish to advise our customers and various stakeholders on a critical change regarding the bank's SWIFT BIC.

Effective 3rd May 2025, the former BancABC SWIFT BIC FMBZZMLX will be decommissioned as the Bank maintains a unified BIC **AZAMZMLU**, which will become the sole operational SWIFT code for all international and RTGS transactions.

All customers are therefore advised to:

- Update payment instructions and notify international payers and partners to use the existing Access Bank Zambia Nostro Correspondent Banking details.
- Use the existing BIC **AZAMZMLU** for all international and RTGS payments.

For more information and support, customers are advised to speak to their respective Relationship Managers, call 202, email zambiainfo@accessbankplc.com, visit their nearest branch or refer to our website for Access Bank Zambia Nostro Correspondent Banking details.
